

## **The Giving Tree**

The holidays are fast approaching, and keeping with tradition Gallagher, Flynn has adopted the Green Mountain Nursing Home in Colchester to purchase gifts for each of their residents as we have for many years.

Each volunteer is assigned a name of a resident with their requests, usually things like comforters, bath lotions, sweaters, socks, CDs, slippers, etc. There were 72 people to purchase gifts for this year and as usual GFC staff did not disappoint. Every resident was assigned to a person in the firm who happily purchased everything on their lists.

Since some of the residents are without family, this is a wonderful opportunity to make someone feel remembered during the busy holiday season.
